

VERY IMPORTANT OPTIMIZER NOTICE:

WHEN INSTALLING THE OPTIMIZER, THE GROUND MUST BE SECURE. FAILURE TO DO SO WILL RESULT IN BURNING THE OPTIMIZER OUT, WHICH WILL RESULT IN THE NECESSITY FOR YOU TO PURCHASE ANOTHER OPTIMIZER. DUTCHMAN WILL NOT REPLACE IT.

CAUTION: IF YOU ARE NOT FAMILIAR WITH THE CAR'S ECU (ENGINE CONTROL UNIT), WHICH IS THE CAR'S COMPUTER, DO NOT ATTEMPT TO INSTALL THE OPTIMIZER. IF HOOKED UP IMPROPERLY, YOU COULD SHORT OUT THE UNIT AND RENDER THE CAR UNDRIVABLE.

WE STRONGLY RECOMMEND THAT YOU HAVE A CERTIFIED HAFC TECHNICIAN INSTALL AND TUNE THE OPTIMIZER. MANY TECHNICIANS DO NOT LIKE TO TUNE AN OPTIMIZER THAT WAS INSTALLED BY SOMEONE ELSE. IF THE OPTIMIZER WAS INCORRECTLY INSTALLED, THEY WILL NOT BE ABLE TO GET THE ORIGINAL READINGS FROM THE CAR, WHICH IS NECESSARY FOR PROPER TUNING.

PLEASE NOTE THERE ARE SPECIAL SETTINGS FOR FORD VEHICLES, WHICH A CERTIFIED TECHNICIAN WILL BE TRAINED TO KNOW.
